

See You Later Alligator (c) 1997 Hans Mayer

See you later alligator - after 'while crocodile
Not so soon you big baboon
See you later alligator - after 'while crocodile
Not so soon you big baboon
See you wouldn't want to be yah
See you wouldn't want to be yah
Say it don't spay it - that's my name don't wear it out

Made you look, made you look - made you buy a penny book
I know you are but what am I
Made you look, made you look - made you buy a penny book
I know you are but what am I
Who's gonna make me - you and whose army
Liar, liar pants on fire - your nose as high as a telephone wire

I see London, I see France - I can see your under pants
Tell someone who really cares
I see London, I see France - I can see your under pants
Tell someone who really cares
1,2,3,4,5,6,7,- all good children go to heaven
See this finger, see this thumb, see this fist you'd better run

See you later alligator - after 'while crocodile
not so soon you big baboon
See you later alligator - after 'while crocodile
not so soon you big baboon
