

Good Morning

by Hans Mayer

Good Morning, good morning, good morning to you d
The rooster is crowing cock-a-doodle-do d-a
The birds are all singing, the day is so new d
Good morning, good morning, good morning to you d--a-d

Smell that fresh morning air g-d
Everybody's waking up every where g-a

Good morning, good morning, good morning to you d
The sun is so yellow, the sky is so blue d-a
The grass is so green and covered with dew d
Good morning, good morning, good morning to you d-a-d
