

## **See You Later Alligator**

by Hans Mayer

See you later alligator - after 'while crocodile  
Not so soon you big baboon  
See you later alligator - after 'while crocodile  
    Not so soon you big baboon  
See you wouldn't want to be ya  
See you wouldn't want to be ya  
Say it don't spray it - that's my name don't wear it out

Made you look, made you look - made you buy a penny book  
    I know you are but what am I  
Made you look, made you look - made you buy a penny book  
    I know you are but what am I  
Who's gonna make me - you and whose army  
Liar, liar pants on fire - nose as high as a telephone wire

I see London, I see France - I can see your underpants  
    Tell someone who really cares  
I see London, I see France - I can see your under pants  
    Tell someone who really cares  
1,2,3,4,5,6,7 -' all good children go to heaven  
See this finger, see this thumb, see this fist you'd better run

See you later alligator - after 'while crocodile  
    not so soon you big baboon  
See you later alligator - after 'while crocodile  
    not so soon you big baboon
